190 Thayer Street, Box 1978
Providence, Rhode Island 02912
(401) 863-6063
(401) 863-2410

Dear Family,

We have scheduled an appointment for you and your child. We will call you the day before your appointment to confirm. If circumstances arise that will make it impossible for you to keep your appointment, or if you have any questions, please call Rachel, Karen, or Melanie at **863-6063**.

This is a suggested route you may consider taking to the lab:

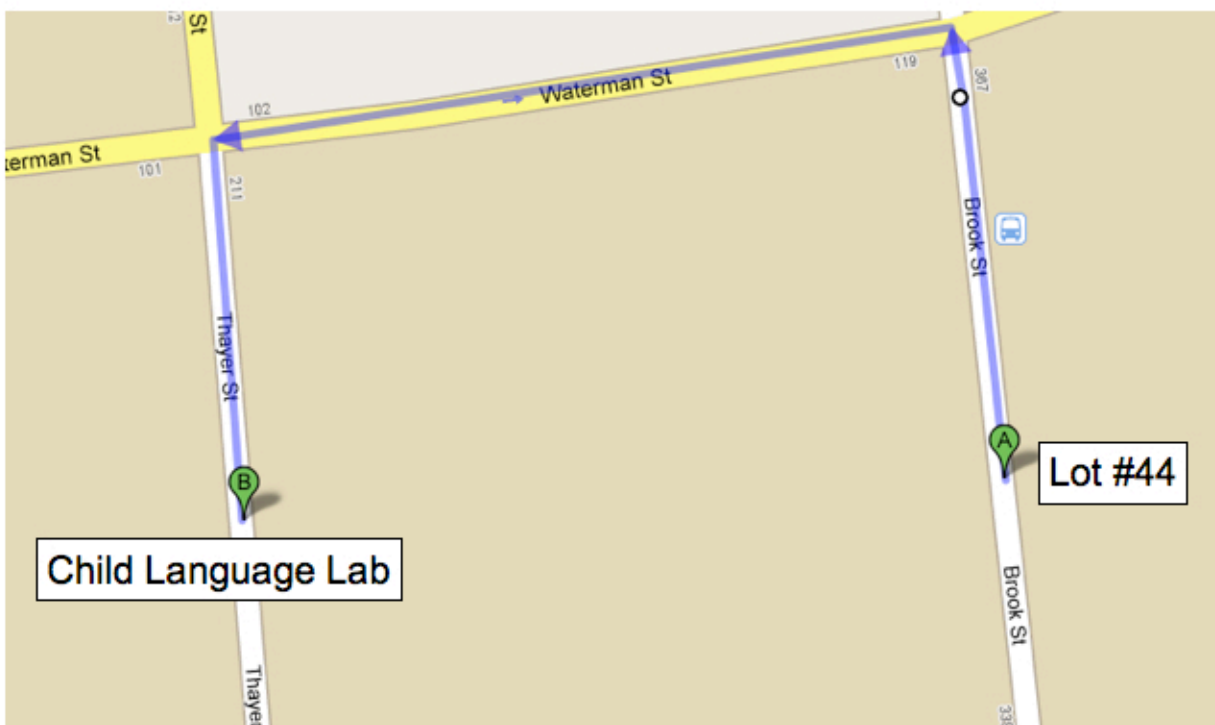

- From Route 95N or 95S, take Exit 22A (Memorial Blvd.)
- Follow the exit ramp onto Memorial Blvd.
- At the fourth set of traffic lights, take a left onto Washington Street.
- Cross over bridge and continue straight.
- Follow straight and up the hill. The road has now turned into Waterman Street.
- You'll pass Brown Street on your left and cross over Thayer Street.
- At the next light take a right onto Brook Street.
- The entrance to the parking area is almost immediately on your left. The sign reads "Paid – Visitor Lot". Pull into one of the "human research" parking spaces. PLEASE DISPLAY YOUR PARKING PASS ON DASHBOARD! You do not need to purchase any additional ticket for parking.

When walking to the lab, you're basically following the path you just drove in by:

- Take a right out of parking lot.
- At the corner take a left, crossing Brook Street, which is the street you just pulled in from.
- Walk 1 block along Waterman Street. (Subway Sandwich will be across the street from you.)
- At the next corner, continue straight across Thayer Street. Our building will now be on your left.

- Take a left at that corner to walk along the front of the building.
- Enter the building through the door on your right. There's a ramp & a sign for our lab.
- Inside the building, you'll take a left down the hallway and a right at the end of the hallway to reach the stairs. You will see signs leading you to the Child Language Lab.
- At the flight of stairs feel free to park your stroller against the wall.
- Continue to follow the signs to the lab.
- You'll see a door with a sign saying Child Language Lab near the beginning of the hallway. The room number is 001A.
- If you are coming in for the ultrasound study, continue to follow our signs down the hall to Room 024, which will be on your right.

Thank you very much. We look forward to meeting you and your child.

Sincerely,

Rachel M. Theodore (rachel_theodore@brown.edu)

Melanie Cabral (melanie_cabral@brown.edu)
