Postdoctoral Position - Neural Dynamics of Cognitive Control and Working Memory

Applications are invited for a Postdoctoral Research Associate position in the Badre Lab at Brown University. This position would contribute to an NIMH funded project on the neural dynamics of cognitive control and working memory using electrocorticography (ECoG). Applications are welcome from scientists with interests broadly related to the neuroscience of cognitive control and working memory. Applicants with expertise in electrophysiological approaches (ECoG, EEG, in vivo recordings) are particularly encouraged to apply. Applicants must hold a PhD or equivalent degree or must show evidence that the degree will be completed before the start of the position.

To apply, please send a current CV and the contact information for 3 references to Dr. David Badre (David_Badre@brown.edu). Applications will be reviewed as they are received until the position is filled.

Brown is an Equal Opportunity/Affirmative Action Employer.
